*Providing the opportunity
for continued learning, skills
enhancement socialization, and
community inclusion.*

Our Mission

At UCP Heartland, our mission is to provide children and adults living with differing abilities extraordinary care and support they need to thrive in school, at home, at work, and in the community.

UCP Heartland was established in 1953 by a group of concerned parents. For seven decades and beyond, we have been the beacon of hope, breaking barriers and fostering a sense of belonging for every individual. We are a 501 (c)3 non-profit dedicated to advancing the productivity and independence of people living with a spectrum of differing abilities including Autism, Down Syndrome, Cerebral Palsy, traumatic brain injuries, and other developmental disabilities.

Our Community Services program provides individualized assistance for adults to choose activities and strengthen their skills. Services correspond with each individual's abilities and include assistance with social, adaptive, and other skills that foster a greater level of independence. Adult Day programs also benefit from a multitude of community groups who visit the centers to perform music, lead educational sessions, and share their talents with program participants. Each adult day center focuses on Home and Community based services providing choice and development for individual goals.

Program Highlights

- Extensive new technology and sensory equipment.
- Multiple locations to serve the Greater St. Louis and Jefferson City areas.
- Safe community outings based on the individuals interests and skills.

Program Achievements

- 100% of persons served develop positive friendships with peers.
- 94% of individuals maintain/improve level of function.
- 99% report improved quality of life.

Program Goal

Provide the opportunity for continued learning, skill enhancement, socialization, and community inclusion.

UCP Heartland strives to assist each individual with achieving their greatest level of self-independence.
