# Our Mission

At UCP Heartland, our mission is to provide children and adults living with differing abilities extraordinary care and support they need to thrive in school, at home, at work, and in the community.

UCP Heartland was established in 1953 by a group of concerned parents. For seven decades and beyond, we have been the beacon of hope, breaking barriers and fostering a sense of belonging for every individual. We are a 501 (c)3 non-profit dedicated to advancing the productivity and independence of people living with a spectrum of differing abilities including Autism, Down Syndrome, Cerebral Palsy, traumatic brain injuries, and other developmental disabilities.

Our team of experts can connect you to programs and services that your loved one deserves. If you need guidance on where to turn, we will help assess needs, coordinate introductions, provide information and determine the path to your optimal service plan. We stay connected with you through the process ensuring your needs are met to your satisfaction.

Families can start to engage in this program at any time. Email us today at [navigator@ucpheartland.org](mailto:navigator@ucpheartland.org) or call our corporate offices at 314-994-1600 and ask to be connected to the Services Navigator team.

## UCP Heartland & Unite Us

We are proud to partner with Unite Us, a community data exchange of health and social service providers. Partners in the network are connected through Unite Us' shared technology platform, which enables them to send and receive electronic referrals, address people's social needs, and improve health across communities. The United Way of Greater St. Louis is a strategic partner of the network.

## Program Goal

Offer personalized one-on-one support to help connect families to necessary resources that provide solutions that will improve quality of care, welfare, security and dignity.

UCP Heartland strives to assist each individual with achieving their greatest level of self-sufficiency.
